GOVERNOR CARTER.

The Garden Island publishes the following:

"Anyhow, the Governor's friends here are almost without exception of the opinion that after an absence of a few months he would be much more apt to come back the Carter of former days than if he were to return at once to the scene of his labors."—Advertiser. We confess we do not exactly see the reason for our contemporary's insinuations. Admitted that the Governor has acted a little strange in a few instances lately we do not see that there is any valid reason for hinting that his mind is unhinged: Of course evidence may be plentiful in Honolulu and still escape us at a distance of a hundred miles, but until the Advertiser can furnish solid proofs we like to believe George Rex to be safe.

FUN AT THE ZOO

Saturday evening's performance in the Zoo theater was an innovation in vaudeville and pleased and amused the crowd gathered to enjoy it. With an ideal night in every respect the show was most enjoyable.

Good ballads were heard, Ben Jones receiving good applause for his rendition of "The Ship I Love" in excellent style. Fernandez was heard in a couple of new songs, and after the blind pianist had been heard, and he played well, and the Japs had given a good exhibition of the art of Jiu-jitsu, the hula girls danced, and an excellent flute solo was rendered which was well taken.

As a fitting conclusion to an enjoyable production the clever comedians in their funny Chinese sketch kept the audience in roars of laughter, and the good applause they received for their funny work was well merited. The sketch is a clever one and well worth seeing.

For this week, there will be a big change of bill and another rattling good show is anticipated.
